

2017 International Symposium on Marine Natural Products

"Bioactive marine natural products and beyond"

February 28, 2017

International Conference Hall, 1st Floor, Bldg 25-1
College of Natural Sciences
Seoul National University, Korea

SCIENTIFIC PROGRAM

February 28, 2017, Tuesday	
13:50-14:00	Opening Ceremony
Session 1 : Frontiers in Marine Natural Product Research Chair Jee H. Jung (Professor, Pusan National University, Korea)	
14:00-14:40	S1-01 Toshiyuki Wakimoto (Professor, Hokkaido University, Japan) Toward the Dark Matter of Marine Natural Products
14:40—15:05	S1-02 Chulbom Lee (Professor, Seoul National University, Korea) Total synthesis of the immune-regulating marine natural product exiguamine A and B
15:05-15:30	S1-03 Dongyup Hahn (Professor, Kyungpook National University, Korea) Reactivity-guided drug discovery: Thiol probes to detect electrophilic natural products
15:30-16:00	Coffee Break
Session 2 : Bioactive Marine Natural Products Chair Chulbom Lee (Professor, Seoul National University, Korea)	
16:00-16:40	S2-01 Wenhan Lin (Professor, Peking University, China) Antivirus molecules derived from marine organisms
16:40-17:05	S2-02 Young-Jin Son (Professor, Sunchon National University, Korea) Marine natural products and osteoporosis
17:05-17:30	S2-03 Jee H. Jung (Professor, Pusan National University, Korea) Study on a fungal metabolite-CMDD initiated
17:30-17:55	S2-04 Heonjoong Kang (Professor, Seoul National University, Korea) Marine drug leads for metabolic diseases
17:55-18:00	Closing

The Center for Marine natural products and Drug Discovery (CMDD) prepares the symposium. It is in part supported by Seoul National University, Korea.
